

The Lemonade Stand: answers

Grade 3 · 11 points. Accept any sensible answer that is backed up by the text.

1. LEMONADE, 50 CENTS. (1 point)

Finding information (RL.3.1). The answer is stated in the first paragraph, so the child practices going back to the text to find it.

2. The animal shelter. (1 point)

Finding information (RL.3.1). A detail stated in the second paragraph. Pointing to where it is in the text is the skill.

3. Something you are trying to reach or achieve (here, the amount of money they wanted to raise).

(1 point)

Word meaning (RL.3.4). Working out a word's meaning from the sentence around it.

4. For a long time nobody came, so he added "HELP THE SHELTER DOGS!" to get people to stop and buy lemonade. (2 points)

Explaining from the text. The child links two parts of the story, the problem and the idea, and says why. This is how the text becomes the basis for the answer.

5. Any two of: she said, "That is a wonderful idea"; she bought two cups; she dropped a whole dollar into the jar. (2 points)

Finding information (RL.3.1). Pulling out specific details that prove a point, which is the heart of referring explicitly to the text.

6. 1. Nia paints a sign. 2. Tariq adds a line to the sign. 3. Mrs. Garcia stops her bike. 4. The jar is full of coins and bills. (2 points)

Sequencing events. Putting events in order shows the child followed the whole story.

7. They made twenty-three dollars and fifty cents, which is more than their goal of twenty dollars (accept: the pitcher was empty and the jar was full; Nia did a happy dance). (1 point)

Explaining from the text. The child supports a claim with a detail from the text instead of just saying "it was good".

8. C (1 point)

Summarizing (RL.3.2). The main idea covers the whole story, while A and B are only small details.
