

The First Moon Landing: answers

Grade 5 · 13 points. Accept any sensible answer that is backed up by the text.

1. To land people on the Moon and bring them home safely. (1 point)

Finding information (RI.5.1). The goal is stated directly in the first section.

2. Michael Collins. (1 point)

Finding information (RI.5.1). A name to find in the second section.

3. “The Eagle has landed.” (2 points)

Quoting from the text (RI.5.1). Quoting accurately means copying the speaker’s exact words, with quotation marks.

4. An important job or task with a goal. (1 point)

Word meaning (RI.5.4). Working out a word from how it is used.

5. “That’s one small step for man, one giant leap for mankind.” (2 points)

Quoting from the text (RI.5.1). A second chance to practice quoting exactly, this time with a longer quote.

6. He stayed in Columbia, circling above, so Armstrong and Aldrin could return to meet him and all three could fly home. (2 points)

Inference (RI.5.1). Joining details from two sections to explain a person’s role.

7. 1. The Saturn V rocket lifts off from Florida. 2. Eagle touches down on the Sea of Tranquility. 3. Armstrong steps onto the Moon. 4. The capsule splashes down in the Pacific Ocean. (2 points)

Sequencing events. Sequencing a long chain of events across the text.

8. One point for the mission (Apollo 11 carried three astronauts to the Moon in July 1969); one for the result (Armstrong and Aldrin walked on the Moon and all three returned safely to Earth). (2 points)

Summarizing (RI.5.2). A summary keeps the main ideas and leaves out the small details.
